"When I was a little girl, I discovered I had a gift. Communicating with those who are no longer with us. Some people say what I do is scary; other people say I change their lives. I just say what I hear and see – and I see a lot!"

Lisa Williams

Lisa returns to Australia in February/March 2011 after two sold out tours with her biggest Australian tour to date.

Lisa Williams has an amazing ability to communicate with loved ones and friends who have passed on to the 'other side'. Born in England, Lisa was discovered by Merv Griffin and now has her own television series "*Lisa Williams, Life Among The Dead*" and "Voices from the Others Side" which have been showing on W. Channel. Williams is the granddaughter of Frances Glazebrook, a famous British medium.

As well as appearances on Good Morning America, Oprah and The Jimmy Kimmel Show, Lisa has written and published her first book "*Life Among The Dead*". In addition to this, Lisa is a healer and works alongside the medical profession to aid the healing process.

Lisa works with loved ones and spirit guides of the audience to help resolve past issues, inform them of situations that they may find themselves in and give closure and healing. Lisa shares these gifts through large audience readings.

"My personal 'spiritual' journey has been an exciting and rewarding one. I had to go through many life-changing experiences to understand what my calling was in life. However, my journey is far from over and I look forward to sharing my journey at my appearances on stage in Australia"

Lisa Williams

While Lisa will be doing readings for members of the audience, purchasing a ticket does not guarantee a reading.
